WARMER

VOL. 34 NO. 52

WASHINGTON C. H., OHIO, MONDAY, MARCH 3, 1919

Twelve Cents a Week

REPARATION TO BE ASKED MAY BE ABOVE \$115,000,000,000

Reports Indicate Staggering Amount Will Be Recommended to Peace Conference by The Reparation Committee as Proper Indemnity From Enemy Powers

FRANCE WANTS BILLIONS AT ONCE

Reparation Payments May be Scattered Over Period of 25 to 35 Years, According to Dispatches From French Capitol

PARIS, MARCH 3.—(Associated Press)—The peace conference committee on reparation has estimated that 24 billion pounds is the amount which the enemy countries should pay the allied and associated powers, says the Havas Agency statement today.

France, the statement adds, demands immediate payment of one billion pounds, part in gold, part in materials and part in foreign securities, recommending the remainder of the amount be payable in a period of 25 to 35 years.

Twenty-four billion pounds would be approximately \$115,200,000,000 in American money.

SENATOR'S CRITICISM OF WILSON IS BITTER

Sherman Calls The President "Usurper and Dictator" in Another Attack in Senate

McCumber Declares Some Colleagues Have Made Arguments "Far Fetched"

Also Urges U. S. Take Part in League for World Peace

(By Associated Press) Washington, March 3.—After Senator Sherman of Illinois, republican, had delivered an address today sharply attacking the league of nations and President Wilson, Senator McCumber of North Dakota, republican member of the foreign relations committee, took the floor and urged that the United States become a party to a league for preserving world peace.

He urged amendment of the league of charter so that there could be no possibility of any surrender of any American sovereignty or Monroe Doctrine. The senator deplored some recent criticism by republican senators declaring many of the arguments were "far fetched."

"The constitution of the league of nations as presented was pictured in the senate today by Senator Sherman as a 'pandora's box full of evils' which would empty upon the American people the aggregated calamities of the world."

Senator Sherman sharply criticized President Wilson and asked who authorized him to "rear above the republic an autocratic power." He added the authority was not to be found in the constitution of the United States, nor was it implied from undefined war powers and he gave it as his opinion that the President had been acting either as "a usurper or a dictator."

7393 SOLDIERS REACH NEW YORK

(By Associated Press) New York, March 3.—With 1,562 troops aboard the cruiser Frederick

arrived today from France. The steamship Siboney, from Bordeaux, brought 3,151 troops.

The army transport Great Northern arrived also with 2,680 troops, 1,291 of whom were sick and wounded.

WATCHMAN DIES IN FIRE

Chicago, March 3.—(By Associated Press)—A watchman was killed and damage estimated by Fire Department officials at more than \$500,000 was caused by a fire which practically destroyed a seven-story warehouse of Morris & Co. in the Union Stock Yards last night. Four firemen were overcome by smoke and were rescued by fellow firemen.

GERMANS START NEW OFFENSIVE AGAINST POLES

After Three Days of Quiet Hostilities Open Along Entire Front, Says Report

(By Associated Press) Posen, March 2.—The Germans, after three days of comparative quiet, resumed attacks all along the line upon the Poles today, according to reports from the Polish-German frontier.

Through the medium of the inter-allied mission to Poland an armistice between the Poles and Germans was agreed upon February 17. Since that date, however, there has been more or less sporadic fighting along the front in which the Poles have accused the Germans of being the aggressors.

LEAGUE FINDS FAVOR AMONG FARM SOCIETY

Wilson Assured that Farm League Stands Behind Plan

(By Associated Press) Washington, March 3.—Amendment to the constitution of the league of nations desired by the farmers organizations, one of which proposes voting power in the league in proportion to the population, were presented to President Wilson today by a delegation which pledged support of organized farmers to the league.

The President thanked the delegation and stated he appreciated its support.

POLES WOULD KEEP OIL WELLS

Warsaw, March 3.—The allied armistice terms submitted to the Ukraine government by the inter-allied commission, stipulates that Lemberg and the petroleum wells shall be left in the hands of the Poles. It is believed that the influence of the Ukrainian peasant leader, Petura, will be sufficient to insure acceptance of the terms by Ukraine.

CONFERENCE OF GOVERNORS OPENS IN THE WHITE HOUSE

Wilson Promises Complete Federal Co-operation With Representatives of States and Municipalities in Carrying Out Wishes of The People as Made Known by Them

BIG PROBLEMS ARE TO BE TAKEN UP

Secretary of Labor Presides and Informs Those Attending That Recent Strikes in West Were Made With The Idea of Establishing Soviet Governments in The United States

WASHINGTON, March 3.—(Associated Press)—Opening the White House conference of governors and mayors on peace-time business and labor problems today, President Wilson promised that the federal government would consider itself the servant of the states, municipalities and counties in solving readjustment problems and would perform its duties guided by suggestions of the conference.

The President said he hoped the conference discussions would assume a wide range including means of restoring labor conditions to a normal basis as soon as possible. "And to effecting such fresh allocations of labor and industry as the circumstances may make necessary," he said.

Touching upon the peace conference he said the conferees at Paris regarded themselves as servants of about 700,000,000 people and not as their masters.

Consequently, said the President, the conferees are anxious to keep in close sympathy with the people "to find out how we can best assist in making their lives what they wish them to be by giving them the opportunity they ought to have."

The President spoke briefly confining himself largely to welcoming the visitors and promising complete federal co-operation. He explained the demands upon his time during the day and half he could remain in Washington made it impossible for him to attend all sessions of the conference.

Secretary of Labor Wilson, who presided at the opening session, told the conference that the recent strikes at Seattle, Butte, Lawrence and other places were not industrial economic disputes in their origin, but were results of a deliberate organized attempt of a social and political nature to establish soviet governments in the United States.

About 300 delegates, including governors of most of the states and mayors of most of the chief cities were in attendance. Governor Cox was here.

Secretary Wilson presided at the session today. He urged a program of co-operation between states and municipalities aided by the federal government that would stabilize labor.

FAVOR DEPORTING ALL ANARCHISTS

WASHINGTON, MARCH 3.—(Associated Press)—State governors and mayors of cities in conference at the White House today unanimously indorsed a resolution indorsing a statement of Secretary of Labor Wilson that it was his duty to deport all persons advocating overthrow of government by force.

SOLONS FACING MASS OF BILLS IN LAST HOURS

Four Big Appropriation Bills Will Not be Passed, Say Leaders

Railroad Bill and Wheat Guarantee to Receive Attention

Solons Prepared to Remain in Session Continuously Until Tomorrow

(By Associated Press) Washington, March 3.—Congress struggled today to put through the limited legislative program leaders believed possible to complete before adjournment and finally abandoned numerous other measures.

Both Senate and House met early and if necessary were prepared to stay in session continuously until the final gavel tomorrow.

Efforts were centered on the general deficiency bill which provides \$750,000,000 additional for the railroad administration.

Democratic and republican leaders were united in its support but long discussion of amendments was in sight.

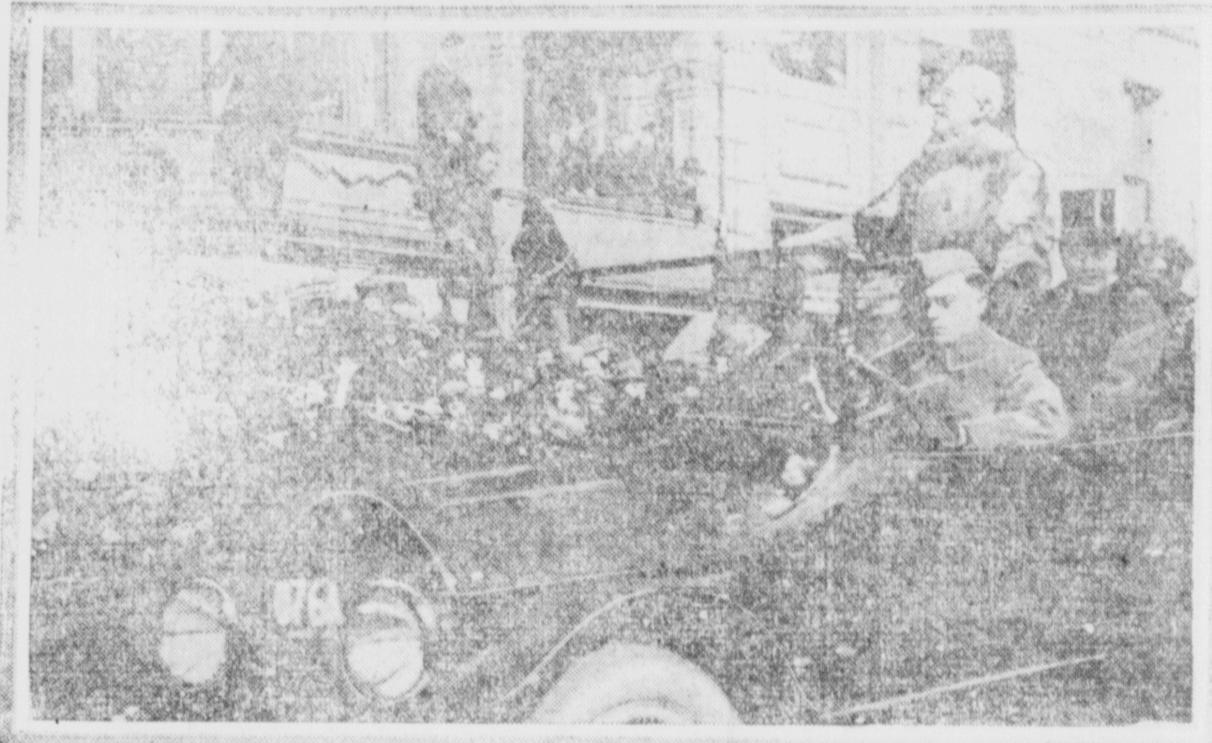

The one billion dollar wheat guarantee bill and resolution repealing the ten percent tax on some luxuries were the only other important measures on the informal program.

The leaders were agreed that there was no hope of passing the four appropriation bills, army, navy sundry civil and agricultural bills.

NO ENFORCEMENT ACTION TAKEN AT THIS SESSION

(By Associated Press) Washington, March 3.—Agreement was reached today by the Senate Judiciary Committee to take no action on legislation to enforce war time prohibition which becomes effective July 1st. The committee decided there was no chance of passing the pending bill at this session.

WILSON ACKNOWLEDGING GREETINGS OF CROWDS

PRESIDENT ACKNOWLEDGES GREETINGS OF BOSTON CROWDS

President Wilson smilingly acknowledges the wild greeting of the great throngs upon his arrival in Boston, in the carriage with President and Mrs. Wilson are Governor Coolidge, of Massachusetts, and Mayor Peters, of Boston.

ANTHRACITE IS CONTROLLED BY EIGHT CONCERNS

Vardaman Claims No Other Commodity is More Thoroughly Monopolized

Monopoly Fixes Price and Production, is Charge Made

(By Associated Press) Washington, March 3.—Senator Vardaman of Mississippi, chairman of the Senate Manufacturers Committee, today inserted in the congressional record a statement on committee's investigation of the anthracite coal situation, charging production in the United States is controlled by eight large transportation companies which through an almost complete monopoly were able to fix prices and determine rate of production.

He explained the committee was unable to present its report at this time as not all testimony taken in hearings in Washington and Pennsylvania coal fields has been printed. He added, however, that he had "gathered together certain facts" which he trusted would be of help to the next congress in dealing with the anthracite coal question.

Testimony before the committee, he said, had disclosed "that there is no commodity in common use that is so absolutely monopolized as the anthracite coal production."

TRAIN AGAIN MADE TARGET

(By Associated Press) Warsaw, March 3.—For the second time a train bearing members of the inter-allied mission to Poland has been fired upon by the Ukrainians, according to an official telegram received by Premier Paderewski. The shooting occurred between Lemberg and Przemyśl.

TWO SHIPS LAUNCHED

Newark, N. J., March 3.—Two vessels, the Wisconsin Bridge and the Milwaukee Bridge, were launched here Sunday at the Submarine Boat Company's yard. The vessels were sponsored by Mrs. E. D. Codrington and Miss Ruth Trimborn of Milwaukee.

NOW HERE ON A BELATED HONEYMOON

CAPTAIN JOHN JACOB ASTOR AND WIFE

Captain John Jacob Astor, youngest son of Baron Astor, arrived in New York recently with his wife, Lady Violet. Though they were married in August, 1916, they are now on their honeymoon, the delay being due to Captain Astor's service in the world war and the fact that he is recovering from a wound which resulted in the loss of part of his right leg. The couple arrived on the steamer Olympic and will leave shortly for Palm Beach.

COX TO ATTEND

Washington, March 3.—(By Associated Press)—Governor Cox, of Ohio, is due to arrive here today from Columbus to attend the conference of Governors and Mayors called by President Wilson. The governor will be a guest while here of former Representative Timothy T. Amsherry.

ORDERS PROBE AT GREAT LAKES

(By Associated Press) Washington, March 3.—Secretary Daniels instructed the commandant of the Great Lakes Naval Training Station to investigate reports that a number of men there had been involved in irregularities similar to those in the New York district.

SUPREME COURT GIVES DECISION FOR GOVERNMENT

So-called Enlistment Section of Espionage Act Held Constitutional in Decision Today

Persons Working Against Draft Feel Iron Hand of Federal Government

(By Associated Press) Washington, March 3.—Constitutionality of the so-called enlistment section of the espionage act was virtually upheld today by the Supreme Court in sustaining conviction of Chas. T. Schenck and Elizabeth Baer, of Philadelphia, on charges of sending non-mailable circulars regarding the war to men within draft ages.

Conviction in North Dakota of Kate O'Hare, because of a speech in which she was quoted as saying "any persons who enlist in the army would be used for fertilizer" was also in effect sustained by the court which denied her petition for review. The lower courts gave her a 5-year sentence.

ANTI-NARCOTIC ACT IS UPHELD

(By Associated Press) Washington, March 3.—In an interpretation of the so-called Harrison anti-narcotic act the Supreme court today declared constitutional the section prohibiting sales of drugs except on official order forms or physicians' prescriptions given in good faith.

BIG BILLS ARE SIGNED TODAY

(By Associated Press) Washington, March 3.—The bill validating and authorizing adjustment of two and a half billion dollars of war contracts and the \$33,000,000 rivers and harbors appropriation bill, were signed today by President Wilson.

CONGRESSMAN PROMOTED

Findlay, March 3.—(By Associated Press)—Former Congressman Ralph D. Cole of Findlay, has been promoted from a major to a lieutenant colonel, according to a cablegram received by Mrs. Cole. Lieutenant Colonel Cole is serving with the military police in the Thirty-seventh Division, A. E. F.

GOVERNMENT IN GERMANY CRUMBLING

Weimar Congress Issues Manifesto Denouncing Terrorist Attempts

(By Associated Press)
London, March 3.—The possible fall of the German government is reported in numerous special dispatches received from Berlin. The members of the government have arrived at Berlin to consult with the workmen's council and a manifesto has been issued. All the correspondents represent the situation as grave.

Berlin, March 3.—The government has issued a long manifesto from Weimar denouncing the terrorist attempts to get rid of the national assembly. It proclaimed faithfulness to the principles of democracy. "Greater than the political danger is the economic distress," says the manifesto. "We cannot feed ourselves from our own supplies until the next harvest. The blockade is eating away the vitals of our people. Thousands perish daily from ill nourishment."

The manifesto denounces strikes saying: "Every strike brings us a step nearer to the abyss. Only work can save us."

The manifesto promises the socialization of suitable industries and establishment of industrial councils representatives of all the workers and freely elected. It closes with a strong note asserting the determination of the government to wage relentless war against terrorism, concluding:

"Whoever assaults the life of the nation is our enemy."

That the Bolsheviks have succeeded in their propaganda for soviet rule is amply evidenced by the government's indecision with respect to the plan to incorporate the ideas of the soldiers and workmen's organization in the constitution. There is further evidence that Hugo Haase's part, the Independent Socialists, is preparing to make common cause with the Spartacists in an effort to overthrow the Scheidemann cabinet by launching a general strike with the purpose of forcing the issue of soviet rule.

That the Weimar government is flinching with the idea seems to be indicated by the suggestion now being considered that the assembly be given an auxiliary chamber comprising members of soviet boards.

\$9,000,000 TUBE PLANNED BY JAPS

Tokio, January 15.—(Correspondence of the Associated Press).—A bill providing for the expenditure of about \$9,000,000 for the construction of the railroad tunnel under Shimonoiki Strait, it is reported, will be introduced in the coming session of the Diet. The Shimonoiki Strait separates the south-west corner of the island of Honshu, the terminus of the central railway system, with its southern neighbor island, Kyushu. The building of this tunnel has been under consideration for a long time owing to the rapid tide which makes difficult the operation of the railway ferry between the main island and Kyushu. The proposed tunnel will be three and one-half miles in length, one mile being under the sea bed at a depth of 30 feet. The plan proposed includes a road for foot passengers.

Dollar Day Next Thursday at Stutson's.

BOX SUPPER

There will be a Spelling Bee and Box Supper at Milledgeville school house Friday evening, March 7th. Bring boxes, everybody invited.

You will be surprised how much a Dollar will buy next Thursday at Stutson's.

BEING SEARCHED FOR WEAPONS

SEARCH CIVILIANS IN BERLIN REVOLUTION

Following the downfall of the recent Spartacan uprising in Berlin, soldiers of the Ebert Government stopped and searched civilians suspected of carrying weapons. Note the machine gun and the soldier (in center) with hand grenade ready for instant use.

EIGHT AMERICANS SLAIN BY MEX.

(By Associated Press)
Washington, March 3.—A chronological statement of bandit outrages in the Tampico oil fields, compiled from official sources, has been submitted to the State Department. The statement deals with the period from Aug. 15, 1917, to the present and records the killing of 12 men, including eight American citizens; the wounding of otherwise seriously injured of 31 people, including nine women, some of them Americans; the theft of more than \$180,000 in cash, American gold; property destroyed valued at more than \$50,000; and the theft of much live stock.

In all 110 raids, attacks, holdups, and battles are listed in the record, which includes the depredations perpetrated upon the properties and employees of 14 different oil companies.

WILL REBALLAST WELLSTON BRANCH

Unofficial announcement is made that beginning within a short time a large number of workmen will be given jobs on the Wellston branch of the B. & O., formerly the C. H. & D., which runs from Dayton to Wellston, reballasting the road nearly the entire distance.

The road is in need of additional ballast and attention generally after the strenuous days of the war, and it is expected that scores of men will find employment when the work starts.

It has been some time since the road received any considerable amount of ballast.

Other repairs will probably be made on the road during the present year.

STREET CLEANING EXPECTED TO COME BEFORE COUNCIL

When the city council meets tonight the question of cleaning the city's improved streets probably will be among the business taken up, the agitation for this very necessary work having reached a point where some of the councilmen have decided to bring the matter up without further delay, with a view to having the work begin as early in the spring as possible.

It is understood that some of the councilmen have discussed the proposal informally, and that Solicitor Junk will be asked to give his opinion on the best method of proceeding with the work, after which definite action is expected.

It is the belief among some of the city officials that the injunction granted against purchase of the flusher last year need not prevent the adoption of some plan whereby the streets may be cleaned and relief obtained from the intolerable condition which has characterized the streets for two or three years past, and made the city the talk of the people in this part of the state because of the unsanitary condition of the streets.

SPARTAGANS FAIL IN GOVERNMENT

Berlin, January 29.—(Correspondence of the Associated Press).—Various Spartacan republics which from time to time were established in Germany were short-lived with the exception of the "Socialist Republic of Brunswick," which even after the election throughout Germany continued to defy the central government in every

possible manner and did not hesitate to insult the most exalted members of the Berlin cabinet. One Berlin paper referred to the new state as "The Fool's Republic in Brunswick."

The President of Brunswick is named Metzger. He left his apprenticeship to a tailor and has made an uncertain living as a "buselman." His wife still retains her position as an usher in a Brunswick theater, and is quoted by her neighbors as having said, "None of my husband's plans ever lasted very long, and it will be the same with this one, so I am keeping my job."

You will be surprised how much a Dollar will buy next Thursday at Stutson's.

ROLL OF HONOR

In Monday's casualties appear the names of 37 Ohioans, none being from Fayette county, however. The total list contains 187 names, and these are divided: Minor casualties—wounded German undetermined 74; wound slightly 55. Major casualties—died of accident 6; died of disease 26; died of wounds 6; missing 2; wounded severely 7; killed in action 6.

Next Thursday is Dollar Day at Stutson's.

BANK DEPOSITS AMONG IRISH

Dublin, January 28.—(Correspondence of the Associated Press).—Increasing prosperity during the past half year is shown by Irish bank reports. The dividends paid to the shareholders vary from eighteen percent to seven percent. Since the war began the deposits in the Irish banks have increased from 60,000,000 pounds to 90,000,000 pounds notwithstanding the fact that the interest payable on deposits is much smaller than that obtainable from War Loans. A great deal of Irish money went into War Loans.

The increase in the money available in spite of greatly increased taxation is a measure of the effect of the war on Irish prosperity.

MANY MONUMENTS ARE DEMOLISHED BY BOLSHEVISTS

Moscow's Famous Marble and Granite Markers Are Ruined

Chaotic Conditions in Revolution Ridden City Are Described

Vladivostok, February 16.—(By Associated Press Correspondent).—Many of the magnificent monuments of Moscow, commemorative of emperors and statesmen, have been destroyed, says a refugee from that city. Museums, libraries, and picture galleries have been requisitioned and their contents removed. The best government and private buildings have been occupied by the Soldiers' and Workmen's Councils.

Military headquarters were located in the Kremlin when the refugee left Moscow. Hostages had been taken from members of the bourgeoisie and many executions had occurred. The city was subdivided into districts under supervision of commissions in a campaign against counter-revolution. Krylenko was state prosecutor, Kamenoff administrator of the city. A common soldier, Muratoff was commander of the garrison. There was no municipal duma. Street cars operated without regularity. Cab drivers charged twenty to forty rubles for the shortest trips.

There was no regular food supply. The inhabitants depended upon products brought in from day to day from the country. A pound of bread cost ten rubles, meat eighteen, sugar forty, potatoes fifty rubles a pood (thirty-six pounds).

The population was divided into four classes. Each person was entitled to one-half to one pound of bread every other day.

The Muscovites were fleeing to Ukraine. Over 600,000 persons had already gone there, the refugee said. Many houses of the erstwhile well-to-do were occupied by workmen. One hundred and sixty-one factories and mills had closed and emptied. There was no coal, no coal oil, no machinery or machine parts, no engineers and few laborers. Practically all printers were out of employment since the soviet organs were the only newspapers published. Editors and staffs of all the big publications had long since left the city.

The Moscow National Bank had been taken over by the Soldiers' and Workmen's Council. Only insurance companies of all semi-public institutions had been permitted to continue. Twenty thousand "Reds" were billeted on the city and a 6 months' course of training for Bolshevik officers had been inaugurated. A university had been opened for all persons of sixteen years and upward. The railways were operated but there was a serious lack of cars. The sale of valuables and gold was prohibited. All valuables

were listed and registered. Russian "Liberty Loan" bonds were offered for sale at sixty per cent of their face value.

Dollar Day Next Thursday at Stutson's.

SPRING CLEANING TIME IS HERE

If a house needs spring cleaning, how about the human body after a winter of indoor life and heavy food? CONDITIONS NOT BAD AT BREST

Washington, March 3.—Denial of many reports of bad conditions at the army detention camp at Brest, France, coupled with graphic description of the terrible days there when, despite the ravages of the influenza epidemic, American troops were being rushed to France to help hurl back the German army, is contained in a letter from Chaplain W. B. Ayers of the navy, who served eight months at Brest.

Chaplain Ayers, who has just returned from France, says Brest has proved a healthful camp in spite of the mud and almost continuous rains experienced during the winter months and that there has been no initial epidemic there.

Approximately 2000 soldiers died there from influenza, but the chaplain says that "in practically all of these cases these men were brought ashore with the disease from trans-ports."

DISASTROUS FLOOD CAUSES GREAT DAMAGE IN CAIRO

RUINS CAUSED BY FLOOD IN CAIRO, EGYPT

A flood, the like of which has never been seen in Egypt, swept the ancient city of Cairo recently and wrought hundreds of thousands of dollars' worth of damage with the loss of many lives. The photograph shows the ruins of a section of the city after the flood had receded.

M COMPANY HAS ENTIRE CHANGE AMONG OFFICERS

Few Old Faces Left in Washington C. H. Company Now Located at Oberwinter, Germany, Says Sgt. Gerlach in Letter to Sgt. Clutters.

Radical changes in the officials and personnel generally of M Company are recounted by "Top Sergeant" Walter Gerlach, in a letter written to Sgt. Paul Clutters, former member of the company, who is now back in this city.

The letter follows:

Oberwinter, Germany,
February 8th, 1919

Dear Friend Clutters:—We are all in the best of health and spirit. Was real glad to hear from you and to know that you are getting along as well as could be expected.

We are stationed in a town along the Rhine called Oberwinter and guess that it is a certain shot we are going to be here over winter, at least such are the indications at present. There are a good many rumors about us going home soon, but then you already know how much faith we put in them. Have not changed in the least since you left us, except so many new men, but then we lost a good many men in the Argonne. It sure was a tough place for anyone, but as usual, the Dutch couldn't dislodge us, as they tried several times only to their disappointment and our delight. They attacked and counter-attacked, but our boys were always too much for them.

Captain Peck was transferred to Headquarters Company then to Company I. Lieutenant Davis was put in charge of M Company and commissioned Captain. A week ago he was transferred to K Company and Captain Christensen was put in charge of M Company. He was only here three or four days and was transferred to 4th Corp. Headquarters, so now Lieut. Beers is in charge of our company. He is new at the game as a company commander but he is a good man and can see where no one has any kick coming. Captain Hardway is Regimental Inspector. He comes around quite often.

It certainly has been a cold day—one of the coldest we have had since coming to the Rhine. This morning when we stood Reveille I thought I was going to freeze my toes so you can imagine how cold it was. Had inspection at nine o'clock and am going to say if it is as cold next Saturday as today I hope they call off inspection.

Germany is sure one beautiful country. Would like to see it when the leaves are out and everything is

in bright color; it would make it look so much more beautiful. Have had snow several times but not much, for which we are all glad, even though we do like to throw snow-balls and act like a bunch of young boys when ever the chance presents itself.

I told all the boys that I had received a letter from you. They all told me when I wrote to be sure and remember them to you. The Sergeants in the company are: Tills, Whaley, Wilks, Whitmer, Benjamin, Clark, Newlin, Deval, Arnett, Miltstead, Wester Mann, Ruml Head, W. H. Wilson, and myself.

We have none of our old officers with us any more. Lieutenant Monnet went to school Monday so that left us with all new officers.

Can think of no more at present so will close hoping that these few lines find you in the best of health and at home.

Your old pal,
WOP.

RUMMAGE SALE

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

FAYETTE FARM BUREAU JOINS STATE SOCIETY

Plans For Increasing Membership and Interest Taken up and Discussed by Large Number of Farmers at Saturday Afternoon Session.

A great deal of interest was taken in the monthly session of the Fayette County Farm Bureau, held at the Common Pleas court room Saturday afternoon, and 43 new members were added to the Bureau at the meeting.

The plan of the Clinton County Farm Bureau campaign for the members was taken up and thoroughly discussed but was not adopted at the meeting, although plans for greatly increasing the membership will be worked out in the immediate future. County Auditor Pine, upon invitation, addressed the Farm Bureau members, some 75 of whom were present, explaining the law relating to re-appraisal of the real estate of the town and county and told of his plans to conduct the re-appraisal so that it would be as fair as possible to all concerned, and so that the expense of the work would be held down to the minimum.

The Association decided to join the State Federation of Farm Bureaus and thus become a part of the National Federation of Farm Bureaus now being formed.

The Boys and Girls Club work was not taken up but probably will be in the near future in order to promote interest among the boys and girls of the Fayette county farms.

Quite a number of members expressed deep interest in making the Farm Bureau one of the best in the state, and pledged their efforts to promote everything of benefit to the organization.

STOP HUNTING AMONG IRISH

Dublin, February 3.—(Correspondence of the Associated Press).—Instruction by the Central Sinn Fein Executive to stop hunting throughout Ireland pending the release of the Sinn Fein prisoners have not been welcomed in the country where the local hunts give a certain amount of employment and help the circulation of money among the farmers and shopkeepers. The men who hunt, though mainly of the wealthier class, are not confined to one class and hunting is a popular amusement.

GRANDMA'S Powdered Soap

Put a tablespoonful in a pail of water and see how wonderfully it cleans the floor. Easy on the hands—but hard on dirt. Use Grandma instead of bar soap and save. Measure out only what you really need. It was never so necessary to save as NOW. Using bar soap is wasteful. It wastes away and you rub off more than you need. GRANDMA'S powdered soap is safe for every article of clothing. Even the most delicate silks and georgette crepes take on new life when you use it.

Try this Powdered Soap Today!

Your Grocer Has It!

CLOSING-OUT PUBLIC SALE!

Sale will be held at my Red Barn, about one mile due south of Johnson's Crossing, on

Wednesday, Mch. 5, '19

Commencing at 10:00 a. m., and will consist of such farm implements as have real service and value including harness, all of which will be in good repair; together with about 35 head of horses and mules, consisting of horses and mules, broke and unbroke. Those buying these animals and equipment and using them as I have used them, will no doubt get about the same results, "which many men desire." To the individual purchasing the largest amount at my sale, will be given a mule. It is understood that I am to select the mule. Sale will be held in regardless of weather.

Terms Made Known on the Day Of Sale.

M. W. ECKLE, Auct. W. F. JEFFERSON, Clerk.

Lunch Served on Ground.

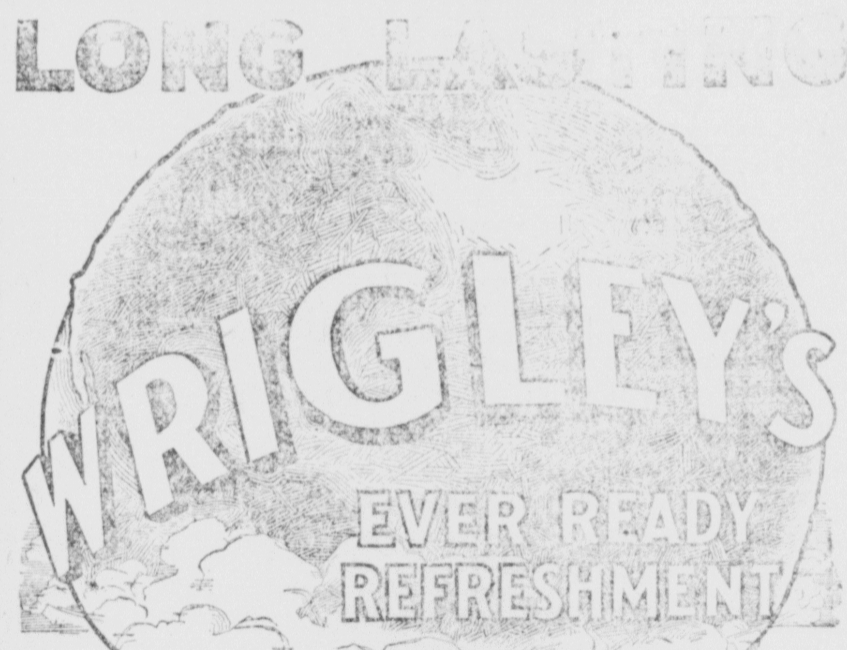

Reason For Sale

As much as I regret to make the sacrifice, yet on account of increasing years and added responsibilities and physical disabilities, I find I am compelled to retire from active detail farming. This sale is not an invoice, but absolutely things will go.

It's Yours; Take It

That's what the Y. M. C. A. trustees say to the people of the county.

It is gratifying to note that our local Y. M. C. A. is among the first units of that great organization to realize that a tremendous change has occurred during the last four years and to take action to meet changed conditions.

We have all realized for several years that our "Y" home was a very large and very thoroughly equipped plant. It had everything in the way of facilities and room of plants in many larger cities. We have been proud of the "Y" of Fayette county but sometimes, even in pre-war days, many feared that it was too large and too pretentious for the need and even before the war that fear was being proven justified. There was not a large enough field here for so pretentious an institution to thrive. The coming of the war and America's entrance into the war crystallized all our fears in hard proven fact.

Other like institutions all over America have passed through the same experience. Some are taking steps to meet present conditions in ways somewhat similar to our own here in Fayette county.

Heretofore the organization members have asked for contributions and new memberships to support the institution on the original lines of action and, realizing conditions, many people have been expecting and, to be frank about it, dreading another money-raising campaign.

The institution managers, though, have turned square around to meet changed conditions and to face facts.

They are going to re-dedicate, if it may be expressed that way, the big and useful institution on the corner of Main and Market streets, to the whole people of the county—men, women, young boys and young girls. It is to be thrown open and made available to all. It is every one's to use and enjoy—the only restriction is that it be used with respect.

The young women are to form their own organization and use the splendid facilities—gymnasium and all. The women's organizations are to have a home there. The women and girls of the county and city are to have rest rooms and a meeting place as well as the men.

Men's organizations are to take advantage of the institution, meet there and use the rooms for gatherings, large and small.

But without going into detail the whole proposition is simply this: It all belongs to the people of the county, now it's up to them to use it.

There is to be no further effort made to raise funds for the purpose of supporting an institution that is too big for present requirements. The field of opportunity is to be broadened.

It is one of the big sensible moves which these times have made necessary; a change which those men who sense conditions and face facts are not hesitating to make.

Instead of having a Y. M. C. A. we are to have that and a Y. W. C. A., a community house, rest rooms, meeting place and a score of other advantages, which will be increased from time to time as necessity develops.

Every public activity, every organization is to have a home, quarters and advantages, costing thousands of dollars, impossible for any one of them, acting alone, to obtain and all paid for and ready for use.

The only duty devolving upon the press is to urge the people to make free use of what is already paid for.

There is not much to say in support of such a proposal. It carries its own irrefutable argument in the mere statement of it.

There will be, as a matter of course, a great deal in the news columns as we record the interesting growth of the institution in public use—when the boys' and girls' clubs, the farmers' organizations, the business men's associations and women's organizations meet for business or for pleasure.

The war has furnished an added demonstration of woman's worth, of man's need of women in business and public activity, the need for co-operation and joint effort and women need a central, established meeting place to perfect and carry forward their work. We have it already and available—that's the whole new program.

Whether the people want to retain and use what is their own depends solely on whether they accept this opportunity.

Heretofore the organization has been collecting money contributions to provide for a need that was not commensurate with the expenditure. Now it purposes to broaden the need to make the expenditures already made of real use.

POEM FOR TODAY

SONG OF SEAMEN

What care we if the wind rides high
And the white-tipped waves go scurrying by,
And the gulls have flown,
And the flag is blown
From the top of the masthead high?
For ours is a vessel snug and tight,
That withstands the north wind's icy blight,
And will carry us safe to a cove at last,
Where we shall rest till the storm is past.

What care we if the sweeping rain,
Blots out the sight of the Spanish Main,
And down coasts our ship,
On a high wave's lip
To rise with the swell again?
For ours is a vessel tight and snug
That will never take the aid of a helping tug,
And will take us to a harbor fine
Where we shall wait till the sun does shine.

What care we if the icy sheet
Round the tottering shell does beat,
And our good ship reels
And the darkness steals
And the gulls their cries repeat?
For ours is a vessel staunch and true
That bears us over the smiling blue
And ever safe, o'er choppy foam,
It bears the merry seaman home.
—Philadelphia Ledger.

A HARD PROBLEM

ERUPTION OF GREAT VOLCANO IS DESCRIBED

(By Associated Press)
San Francisco, Cal., March 1.—The greatest activity in 45 years is reported from Kilauea, Hawaii, one of the world's greatest volcanoes, in a letter received here from L. W. de Vis-Norton, secretary of the Hawaiian Volcano Research Association.

"I have returned from a prolonged stay at Kilauea volcano," he wrote. "The lava column is undergoing an unprecedented rise and is overflowing

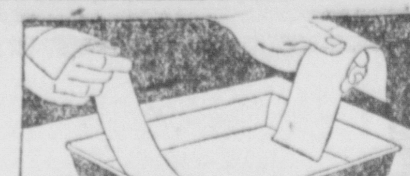

in all directions from the fire-pit into the main crater. There now are five lakes instead of one. I have walked with Professor T. A. Jagger, Jr., the observatory director, over the whole of the area of the fire-pit, on the surface of the lava column, and came away with a sort of bewildering landscape of white act caverns, plashing fountains, and steaming mud, impossible of connected description. It is a wonderful experience to stand at the side of a glowing cone ten feet high, and look down through a kind of window into a roaring inferno beneath, while the ground rocks and heaves under one's feet.

"As the lava will continue to rise until March 21, we are in for some

wonderful displays, and it is 45 years since we have had such intense activity at the crater. Mauna Loa (on Hilo island) is becoming restless and four great columns of smoke and incandescent gas have been rising for some days, but the absence of earthquakes, and of night-glow from the summit, appear to indicate that no immediate eruption is to be feared."

Farmers Please Note

5% Early-Delivery Discount On Mogul and Titan Tractors

N EARLY five thousand of our boys in khaki and blue are coming back to work. We shall, of course, make a place in our organization for every one of them, but we wish to do it without throwing out of employment the men who took their places and have worked faithfully for us ever since. This is not going to be so easy for us as for some others, because the Government designated ours as an essential industry during the war, and we actually increased the efficiency of our organization after our boys left to join the ranks.

We can, however, give steady work both to our present help and to the returning soldiers and sailors, if we can bring about an immediate increase in tractor production. In order to do this we must move forward to the farm some thousands of tractors that are ordered for delivery at various dates up to May 1st, and we shall also have to ship a large number of tractors that farmers intended to order later this season, but could just as well take now. To those farmers who are so situated as to be able to take advantage of it we make the following proposition:

Our Early-Delivery Discount Plan

If you will take delivery of a Mogul or Titan tractor now we will reward your co-operation as follows: To those who will accept delivery of a Mogul or Titan 10-20 on or before March 8th we will give an Early Delivery Discount of 5 percent from the price of the tractor. (This amounts to \$61.25 in the case of the Titan 10-20 and \$56.25 on the Mogul 10-20.)

After March 8th the following discounts will be given:

For delivery during week of March 10 to March 15 incl. 4 percent
For delivery during week of March 17 to March 22 incl. 3 percent
For delivery during week of March 24 to March 29 incl. 2 percent
For delivery during week of March 31 to April 5 incl. 1 percent
This discount will go a long ways toward paying the fuel bills of your tractor during this season.

By taking advantage of this Early-Delivery Discount, you will not only be helping yourself, but will enable us more easily to put back to work our army of returning boys without breaking up our present organization.

You will find that you need a few weeks to get acquainted with your new tractor. The man who has his tractor early can become familiar with it, so that when the first day of good plowing

weather dawns, he will be able to get in the field without a moment's lost time. That in itself is a very good reason for taking early delivery.

Go to your dealer and tell him that you will accept immediate delivery of your Mogul or Titan 10-20 horsepower tractor, so he can make up his carload shipments without delay.

International Harvester Company of America

Chicago (Incorporated) U. S. A.

In this county these tractors are sold by

Chas. F. Bonham, Washington C. H., O.

News of Interest to Women

An exceptionally pretty birthday party was given Saturday afternoon by Mrs. Ray Maddox in honor of the sixth birthday of her daughter, Carrie Elizabeth.

Twenty-two children trooped around the pretty little hostess and showered her with gifts, to which she made cunning response. The afternoon was spent in merry play, and a "Pin-the-tail-on-the-Donkey" contest. Martha Stone won the contest prize.

A delicious luncheon was served by Mrs. Maddox assisted by the two grand-mothers, Mrs. Carrie Deere and Mrs. Thomas S. Maddox. The table made a beautiful picture, lighted with pink candles and embellished by the birthday cake and pink carnations and greenery. Suggestions of the approaching St. Patrick's day were effectively made in the shamrocks, place cards and the flowers, the girls receiving little dolls dressed in green, and the boys green horns, that delighted them greatly.

The children prolonged their plays till the evening shadows came on and left their small hostess with fervently expressed wishes that she have another birthday celebration.

The guests were Ada Kathryn Anders, Eleanor Robinson, Woldeane Teachnor, Kathryn Taggart, Jeanne Dale Schneider, Susie Tracy, Mary Ellen Grove, Joyce Bishop, Mary Ann Story, Anna Marie Clark, Martha Stone, Jean Bay, Gienna Speaks, Alice Marie Orman, Margaret Blessing, Edgar Earl Barnett, Richard Elliott, Billie Dial, Henry Brock Pearce, Nelson Maddux, and John Gerstner.

Not in years has the Woman's Relief Corps given an entertainment on such an elaborate scale and one proving such a complete success as the patriotic program, put on by Mrs. F. G. Carpenter, and supper given for our soldiers, old and young.

The response of the veterans of the G. A. R. was wonderful, the "boys" turning out en masse and showing appreciation shared heartily by the soldiers of the last war, many of them just returned from overseas. Following their comfortable seating in Memorial Hall, a trio of popular young musicians, Misses Mary Ellen Briggs and Marion Whelpley, pianists, Robert McFadden, tenor drums opened the program with a spirited rendering of a patriotic medley.

Mrs. Carpenter then called to the platform the W. R. C. President, Mrs. Emma Hoppes, and members of the Executive Committee, Mrs. Lydia Porter, Chairman, Mrs. Emma Morris, Assistant Chairman, and introduced them as the women who were in general charge and serving the supper. The women were all in white and made an effective grouping against the patriotic background of the stage. Then the entire W. R. C. was introduced as the big body of patriotic workers back of the committee.

Mrs. Carpenter then presented a delightful program in which her pupils did brilliant work and received the continuous applause and frequent recalling that their talents and wonderful training merited. Many unhesitatingly pronounced it the best among the many programs for which the organization is indebted to Mrs. Carpenter, and that is saying a good deal.

Miss Ethel Spray revealed splendid possibilities as a reader in the opening number, a highly humorous and very difficult monologue, "At the Matinee."

Miss Edith Gardner in a "Song of Welcome" was in exceptionally good voice and stirred the audience to a real ovation in her delightful rendering and encore.

Ruth Herron was well received in two entertaining readings "A Typical Yankee Boy" and "Jimmie Brown's Steam Chair."

Mary Alice Davis gave a short poetic tribute to Washington that was an unusually fine interpretation for a ten year old girl and a humorous reading "Mother" that was much enjoyed.

Miss Jessie Sunkle sang with enthusiasm and much sweetness a patriotic song and an exceedingly pretty encore.

Miss Jocelyn Bowen's character sketch made a tremendous hit and displayed unusual talent on the part of the young reader, so charming and pretty that she captivated her audience.

For some time a favorite with the G. A. R. Miss Gwendolin Spangler of Jeffersonville, was warmly received and her laughable reading, "Digesting a Newspaper" and beautiful patriotic reading, "The Red, White and Blue" added much to the pleasure of the program, which was closed by

Miss Gardner singing "The Star Spangled Banner," the audience joining with splendid spirit in the chorus. Misses Helen Teeters and Miss Maxine Kibbler accompanied.

There was a short intermission during which the trio played delightfully before Mrs. Carpenter gave opportunity for returned soldiers to contribute impromptu numbers.

Brenton Zimmerman, of Jeffersonville, responded in words of warm appreciation of the beautiful entertainment and, by request, gave two readings, "On Flander's Field" and a Riley number, his fine voice and spirit most effective.

Mr. W. D. Blakemore made happy response for the veterans, closing with a beautiful toast to the ladies of the Corps. The last to speak was Dr. A. D. Woodmansee, who from a large fund of experience in overseas hospital service, made a splendid little talk, praising warmly the "Dough Boys" and their heroism and unselfish acts and leaving a vivid picture of their life at the front.

There was a brief recess of congratulation and visiting before the guests adjourned to the G. A. R. hall for the supper.

The big hall had been wonderfully decorated the long galleries draped in flags and bunting and the stage banked with palms and having a generous background of flags, the gift of the late Colonel B. H. Millikan to the Millikan Post rising in the center from floor to ceiling. The trio of musicians occupied the center and played throughout the supper hour.

Mr. Newland, soldier singer at the Palace theatre, added immensely to the delight of the supper hour in popular solos.

Four long tables were beautifully embellished with potted plants, the gift of Mrs. Buck from the Buck Floral Gardens, bands of red, white and blue extending down the center and the waitresses wore white dresses, with red, white and blue caps. It was a scene inspiring and beautiful, the old soldiers around one long table and the young ones at another, the others reserved for the W. R. C.

The elaborate, hot dinner served was a gastronomic triumph, including baked chicken and meats, and all accessories and home made cakes salads and desserts—as delicious a menu as was ever served in the hall.

Mrs. Hoppes, as President and her Executive committee, backed by the co-operation of the entire corps, deserved all the bouquets they received on the capability of their management. Mrs. Carpenter's interest in this patriotic organization and the generosity with which she contributes her talents was never more fully demonstrated than in Saturday's program and the kindly donating of the services of the musicians also received merited appreciation.

A Memorial Service held for Francis E. Willard was the leading feature of the W. C. T. U. meeting Friday afternoon at the Federated Club rooms. Mrs. VanGundy presided during the brief business meeting and Mrs. Christopher had charge of the program.

A large and beautiful silk flag with the flags of the allies formed a suitable background for the speakers, and a well placed picture of Miss Willard added to the impressiveness of the occasion.

The opening song "How Beautiful is Death" was sung by Mrs. Gregg and Mrs. Larimer, creating a fine atmosphere for the entire program. The title words were Miss Willard's last message. Misses Ruth Herron and Mary Alice Davis contributed bright and appropriate readings from the Francis Willard recitation book.

Mrs. Carpenter gave the Memorial, touching upon the life of Miss Willard up to the time of her connection with the W. C. T. U. She outlined in vivid language the early environment and training of this gifted woman, quoting from interviews with Mrs. Willard and later from Miss Willard's own Journal.

As a child Francis Willard was precocious by natural aptitude as well as training. She was destined from babyhood for a life of literary activity. She always did her own thinking and was inventive in the amusement line. The Willard family never lacked for entertainment even when on the Wisconsin farm. They were trained in manners and calisthenics by the mother that they might be graceful in body and ready in speech, for the larger life which awaited them.

As a pupil in the North Western, Francis Willard was an "intellectual and emotional load-stone." And afterwards as Dean of the Women's College she wielded a wonderful influence. She had a great vision of the future but she believed that woman should let patience have her perfect

NOW A NEIGHBOR OF HOHENZOLLERN

The Duchess of Croix, who was Miss Nancy Leishman, daughter of John G. A. Leishman former American Ambassador to Germany and president of the Carnegie Steel Company, is at present visiting at the Castle of Zay-lestein, a short distance from Amerongen Castle where the former German Kaiser is in exile, according to a dispatch from Amerongen, Holland. Unconfirmed reports state that the Duchess has been calling upon the exiled Emperor. Her husband, the Duke of Croix, is an Austrian nobleman. He was an officer in one of the Kaiser's crack cavalry regiments. It is also reported that many former adherents of the ex-Kaiser have gathered at Amerongen Castle for a conference the nature of which is kept secret. It is believed the Kaiser is plotting with his former adherents to execute a coup in an effort to regain his throne.

Her teachings inspired a love for humanity and exalted the spirit to the worship of God.

Many expressed regret when the address was brought to a close, it was permeated with the personality of Miss Willard through the sympathetic presentation of the speaker.

Mrs. Lon Mark closed the service with a beautiful piano solo—"A Song Without Words."

A delightful social hour followed during which dainty refreshments were served.

Young pupils of Miss Minnie Light presented a pleasing program, quite ambitious for their years, at a studio recital Saturday afternoon.

A nice little audience found much to commend in the promising work done by the pupils, some of it quite unusual for beginners and indicating gratifying possibilities.

The program:

Land of Elves..... Billro
Jean Perrill
Felicja Waltz..... W. Wolfe
Frances Griffith

Once Upon a Time..... Spaulding
Cornelia McClimans
(a) Sing Robin..... Spaulding

FAYETTE COUNTY INDEBTEDNESS IS CUT DOWN TO \$500

Fayette county now has an indebtedness of only \$500 and this amount will be entirely paid in September of this year when the last of a few thousand dollars worth of County Infirmary improvement bonds will have been redeemed and the county placed free of indebtedness.

The indebtedness was reduced to the \$500 Monday morning, when some of the outstanding bonds were presented for redemption and checks issued in the amount required to pay off the bonds.

It is believed that few counties in the state can point to a record similar to that held by Fayette county.

SPECIAL SERVICE FOR YOUNG PEOPLE

Sunday night at the First Presbyterian Church witnessed a special rally of the young people and services embodying features of vital interest to them. Rev. J. L. McWilliams preached a very beautiful and forceful sermon, taking the twenty-third psalm as his theme and Mrs. Weri Shoop sang a lovely arrangement of this psalm with rare sweetness. A letter from Rev. Wm. Boynton Gage, in response to a Christmas cablegram of good wishes from his congregation, was read by Mrs. Frank M. Fuller. It was a delightful letter, giving

vivid glimpses into his everyday life in the prison camps and in Y. M. C. A. work, recounting experiences entertainingly and filled with his warm affection for his people.

Mrs. Lillie G. Davis, organist, added unusually beautiful organ numbers to the program.

Rev. McWilliams is planning a series of three sermons along the line of country life and having as their theme parables especially pertinent to "Farmers' Day" and the planting season. The first will be given next Sunday.

SOLD BARBER SHOP

Noah J. Carter, the well known barber, has sold his shop in the Arlington Hotel and is now associated with Carl Noon at the Oak Pool Room Barber Shop on North Main street.

The new connection of these two experienced workmen assures patrons of prompt and best service in their line at all times. Careful attention to the cutting of children's hair a specialty.

REBEKAH RED CROSS UNIT

The Rebekah Red Cross Unit meets tomorrow afternoon at the Red Cross room at one o'clock.

There was a good attendance of Rebekahs last Tuesday, in response to the rush order of masks for Camp Sherman. It is hoped that there will be a still larger attendance tomorrow as this work is to be completed. Women not belonging to the Lodge are invited to help with this work.

OBJECTIONS TO NEWBERRY ARE THING OF PAST

Democrats Say Newberry Assured Seat in Next Senate Subject to Investigation

(By Associated Press)

Washington, March 3.—Democratic leaders of the Senate today withdrew their objection to the receipt of the credentials of Truman N. Newberry, republican senator-elect from Michigan, whose election is being contested by Henry Ford.

They said Mr. Newberry was assured of being seated in the next Senate subject to probable investigation.

WOULD PROBE CANNED MILK

(By Associated Press)

Washington, March 3.—Investigation by the federal trade commission of the milk industry particularly as it relates to condensed milk was provided in a resolution adopted today by the Senate.

BELGIAN FOOD PROBE AT HAND

(By Associated Press)

Washington, March 3.—A resolution by Senator Calder of New York, directing the Senate Agricultural Committee to investigate charges that unwholesome food was shipped to Belgium by the Belgian Relief Commission, was adopted today by the Senate.

SAY SECURITY LEAGUE GUILTY

(By Associated Press)

Washington, March 3.—Violation of the corrupt practices act by officials of the National Security League is charged in a report of the special House committee appointed to investigate the activities of the organization.

MINIMUM PRICE TO COME LATER

(By Associated Press)

Washington, March 3.—It was said at the food administration today that no action was expected for a day or two in fixing a minimum price for hogs, and until then the present minimum of \$17.50 will be continued.

AFTER JOBS FOR ALL SOLDIERS

(By Associated Press)

Washington, March 3.—With the appointment today of Arthur Woods, former Police Commissioner of New York City, as a special assistant to Secretary Baker, the war department embarked upon a nation-wide campaign to obtain employment for discharged soldiers.

DUSSELDORF IS FREE OF RIOTERS

(By Associated Press)

Cologne, March 3.—Dusseldorf, where the radicals have been in control, has been cleared of spartacists without a shot being fired. The government troops arrested the Spartan mayor-dictator and disbanded his followers.

BEAUTIFUL SERVICE IN HONOR OF PIONEER MOTHER

(By Associated Press)

St. Colman's Church was filled with sorrowing friends at nine o'clock Monday morning, when the funeral services of Mrs. Bridget Josephine McDonald were held and there were many throughout the county who received the sad word of her sudden death too late to pay desired tribute of respect and affection by their presence at her burial service.

The Rev. Father Fogarty officiated in the Requiem High Mass, which was beautifully sung by a mixed choir. Rev. Father Martin Mallow, of Loveland, was the soloist and his rendering of "Lead Kindly Light" most effective.

The services were marked by deep impressiveness. Rev. Fogarty delivered an eloquent sermon, dwelling with fervor upon the life of this pioneer mother of his congregation, her many good works and her wonderful record as a wife and mother.

He referred with special tenderness to the beautiful home life in which she had been the center of attraction and around her had gathered in rare love and appreciation her children and grandchildren. It is seldom indeed that over four score years are passed in the deep affection which throughout her life and to the end enveloped this beloved mother and grandmother.

A superb floral blanket was the last gift from her family and there were beautiful flowers from many relatives and friends, including a handsome design from the Fayette Grain Co.

All of the children were present except Sister Maria Thomas, who has been ill at Mt. St. Josephs for some time and was too ill to come. Two of the grandchildren, Miss Elizabeth McDonald and Joseph McDonald came from their schools for the last rites and there were many relatives and friends from Wilmington and Sabina—also Mr. Frank Focke, from Dayton and Mr. John Ryan, from Columbus.

The burial was made in the family lot of St. Colman's cemetery and the five sons, Messrs Thomas, Frank John, James and Matthew and grandson Aloysius McDonald, tenderly bore all that was mortal to the last resting place.

FUNERAL SERVICES C. L. LA FOLLETT

The funeral services of Mr. C. L. LaFollett conducted at the M. E. Church in Bloomingburg Sunday afternoon by Rev. J. G. Laughlin, were largely attended by old friends, neighbors and relatives, and heartsome in tribute.

The minister made an effective little talk, speaking of Mr. LaFollett as one of the strong, sterling men of the community, devoted to his home and the M. E. Church, to which his loss is great.

A quartet, Mrs. G. M. Holland, Miss Ethel Edwards, Messrs. Raymond Scott and Mart Morris sang the beautiful old hymns, "Somewhere" and "Asleep in Jesus."

A wealth of beautiful flowers surrounded the casket, in loving remembrance from relatives and friends. Messrs. David Long, Charles Hester, A. R. Swope, William Hammond, Charles Larrimer, L. W. Heinlein and Frank Swope acted as pallbearers.

Burial was made in the Bloomingburg cemetery.

Mr. Robert LaFollett and family of Dayton were among relatives from a distance.

CHURCH SELLS

Confirmation of the sale of the Paint Creek Primitive Baptist Church property to Samuel J. Hoppes, for the sum of \$400, has been made by the Common Pleas Court, the amount being the valuation fixed by the court when application for sale of the property recently was heard.

CONSCIENCE MONEY

Monday afternoon a stranger dropped into the D. T. & I. depot just before Agent Rodgers left and without disclosing his identity paid ninety cents to the D. T. & I. which he informed Agent Rodgers he had cheated a D. T. & I. conductor out of about three years ago. Agent Rodgers accepted the ninety cents and sent it on to Springfield. The stranger said he had never felt good over the matter ever since it happened. Waverly Watchman.

Stutson's Dollar Day is Bargain Day Next Thursday.

CARD OF THANKS

Through the Herald we wish to extend our thanks to the business men who so generously donated to our soldiers' supper, to those who assisted in the program and entertainment and to all who rendered aid in any way, and to assure all of them of our great appreciation.

The Woman's Relief Corps.

NEW BRANCH OF CHURCH OPENED

A new branch of the Christian Union Church has been opened in the house on North North street immediately across the alley from Dr. D. H. Rowe's office, and the first services have been held in the building. It is understood the membership is largely composed of former members of the Christian Union Church on Gregg street.

ORDERED TO DIG LEAVE IN HURRY

Three train riders, Wm. Clark, Jas. Wilt and Augustus Manuel, all residents of other states, were ordered out of town Monday when they were arraigned before Probate Judge Allen on charges of train riding. A fine and workhouse sentence suspended over the trio added impetus to their departure from the city.

MARRIAGE LICENSES

John Morris, 40, farmer, Bainbridge and Ella Davis, 39.

NOTICE

The regular meeting of the C. T. Sisterhood will be held at the home of Mrs. E. N. Holloway, Ogle street, on Tuesday evening, March 4th.

Secretary.

Stutson's Dollar Day is Bargain Day Next Thursday.

NOTICE

The Woman's Guild of the Presbyterian Church will be entertained at the home of Mrs. Josephine Kerr on Wednesday afternoon at 2 o'clock.

A most cordial invitation is extended to all women of the church.

The Readers of This Paper

Will remember that on January 10th S. A. Plyley & Son had their Armleder truck to burn up, which was quite a loss. Saturday we had another new motor truck on our streets. The new truck is modern and much larger than the old one, especially equipped for moving household goods on long distance trips.

This is the third truck that Plyley & Son have put out since trucks have taken the place of horse-drawn vans. Our trucks are well known throughout this part of Ohio and are an advertisement to Washington that people see everywhere.

The new truck made an out of town trip every day of its first week; Monday to Greenfield, then to South Charleston, Circleville, Hillsboro, Urbana, and on Saturday moving Mr. McCord, on Jamestown pike to Dayton.

If you contemplate moving we will be pleased to quote you mileage.

S. A. Plyley & Son
The Washington Transfer and Storage Co.

PUBLIC SALE!

Having given up a lot of rented land I will offer at public auction on the Noah Thornton farm four miles west of Washington C. H. on what is known as the Palmer or Plymouth pike, near the old Oil Camp Ground, on

AIRPLANE CARRIES FIRST PRISONER IN U. S.

Robert Tamplin, taken from Indianapolis to Dayton, O., by airplane to answer grand larceny charge, shown in fier's togs, and plane which carried him. Tamplin in rear seat, Pilot B. L. Whelan in front seat.

An airplane was used to carry a civil prisoner for the first time in this country recently. Robert Tamplin was sought by Dayton, O., authorities on a charge of grand larceny. Indianapolis police located him in the Indiana city and notified Dayton officials. Seymour Yendes, Dayton police inspector, arranged with the Dayton-Wright Airplane Co. for the use of a plane. B. L. Whelan, an employee, piloted the plane and Yendes rode in the other seat. They arrived in Indianapolis in fifty-five minutes. Tamplin was strapped in the rear seat and flew back to Dayton with Whelan. Yendes returned by train.

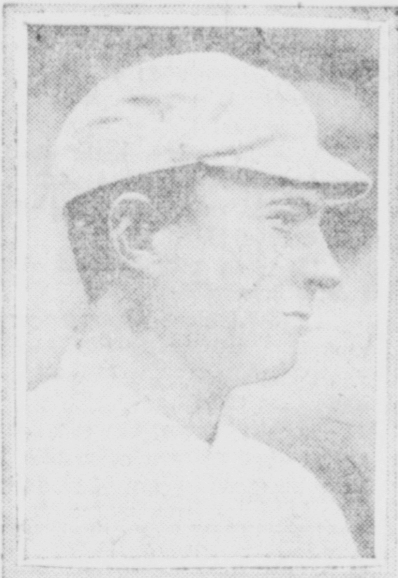

ALLIED TROOPS ALONE CAN STOP BOLSHEVIC RULE

Such is Belief of a Leading Czech Who Has Faith in Ability of Russ to Reconstruct Army

Vladivostok, January 19.—(Correspondence of The Associated Press)—Dr. Vaslav Girsu, local member of the Czech National Council, has faith in the ability of the Russians to reconstruct an army, provided a stable government can be established in Russia. At the moment, he admits, everything is against such an effort. The soldiers are not properly fed, nor clothed, nor paid. They are kept in barracks with nothing to occupy them. They serve one government today and perhaps another tomorrow, and that demoralizes them.

"The first necessity," said Dr. Girsu, "is the suppression of Bolshevik tyranny and the re-establishment of peace throughout Russia. To accomplish this the Allies will have to send troops to Russia, as distinct from Siberia. Three divisions of

VETERAN OUTFIELDER

SHERWOOD MAGEE

Sherwood Magee, veteran outfielder of the Cincinnati Nationals, has announced his retirement from baseball according to a report from Philadelphia. Magee has been a member of National League teams since 1904. He has played with Boston, Philadelphia and Cincinnati.

troops would be more than enough to accomplish their suppression and would absolutely guarantee a state of peace from one end of Russia to the other. The presence of Allied troops alone would have a tremendous effect toward pacifying the country. A popular assembly could be called and a government elected by the will of the whole nation.

"It would not be necessary for the Allies to keep troops in Russia for more than a few months. With an organized government, established by the will of the majority and supported by the armed forces of the country, there could be no armed opposition. I am confident that a sufficiently large army could be assembled at once which would be loyal to such a government and afford it all the force necessary. Within a few months the Allied troops could be removed. Such aid from the allies would be welcomed by the whole Russian nation and would in a short time bring about the desired end. Other-wise Russia will be given over to anarchy which will endanger the country for many years to come.

"Admiral Kolchak, (head of the all-Russian government at Omsk) has made the mistake of announcing himself dictator. The world is enough to make the average Russian fight. They want no more dictators. If Kolchak were given the aid of the Allies in establishing himself in power, even though he promises to call a constituent assembly, such aid would be misconstructed by the people as the re-establishment of the monarchy."

"BLISTERS" USED TO SAVE SHIPS FROM TORPEDOES

Invention of British Proved Successful in Dealing With The Hun U-Boats

London, February 3.—(Correspondence of The Associated Press.)—One of the most successful devices invented by British naval experts in the war time was one known as a "blister," and served to protect ships against torpedoes. It is an outer steel casing fitted to the sides of ships. All of its technical details of construction have not been revealed, but naval experts assert that ships equipped with blisters run no great or risk from undersea attacks than from surface fighting dangers. In the war the Germans torpedoed several blistered ships, but in every case, it is asserted, the vessels were able to reach port and be repaired.

Sir E. H. T. D'Eyncourt, director of naval construction, invented the blister, which was first attached to four old cruisers. Patiently the navy waited for a test for two years, then, in June, 1917, the cruiser Grafton while steaming at ten knots was struck amidship by a torpedo fired from a German submarine only thirty yards distant. The blister, which stuck out from the cruiser's side about fifteen feet, exploded the torpedo, and the Grafton steamed back to port with only a slight list.

Improvements were made on the blister and they were fitted to the sister monitors Erebus and Terror. Both these vessels, mounting 15-inch guns bombarded the Belgian coast for months. Both were torpedoed within a week and but for the protecting blisters they would have been sunk. Three torpedoes struck the Erebus, two hitting the fore part of the monitor where the blister tapered off. As a precaution the Erebus was beached, but it was afterward found that she was less severely damaged than had been thought and she was subsequently repaired. No ship ever before survived three torpedoes.

CHURCH DAMAGED TREES BLOWN DOWN

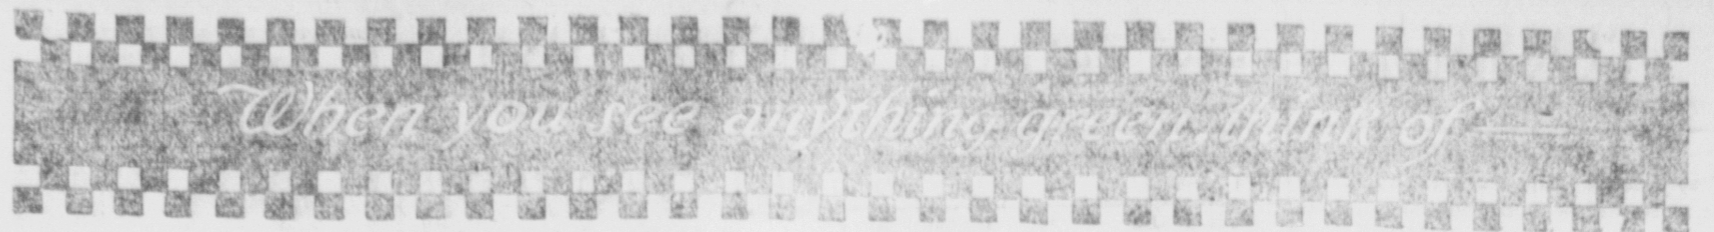

During the windstorm Friday evening the storm assumed cyclonic tendencies in northern Fayette and in the Grassy Point neighborhood southeast of South Solon.

At Grassy Point the church was partly unroofed and in northern Fayette a strip through Jefferson township can be traced where uprooted trees testify to the great force of the windstorm.

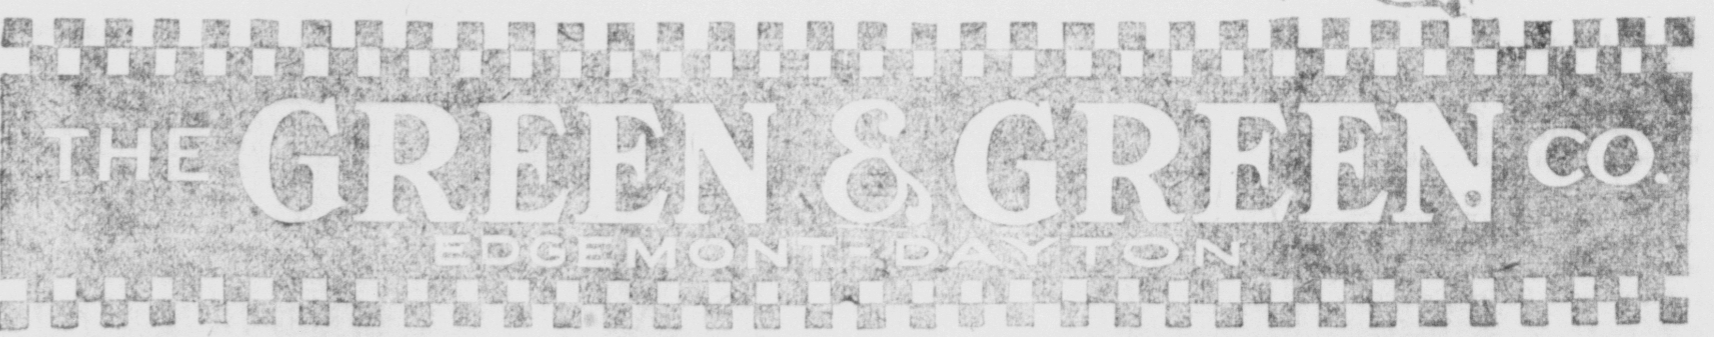

ENGINEER DYING OTHERS RECOVERING

Reports from Jackson state that William Anders, D. T. & I. engineer, who was recently seriously injured when his engine plunged through a bridge at Storms, is in a dying condition with no hope of recovery. His skull was fractured. Anders is in the Springfield city hospital.

Two other men, injured at the same time, are recovering.

YANK BEHAVIOR IS ABOVE PAR

Vladivostok, January 25. — (Correspondence of the Associated Press)—The American command here has

organized special military patrols to maintain the discipline of the American soldiers, says the Glos Primorya in a recent issue. As proof of the effectiveness of this service, the paper says that recently there has not been a single scandal in which an American soldier has been involved and

the population of the outlying districts and the chief of the militia have expressed their gratitude to Major Samuel Johnson, in command of the American patrols. There are 10 patrols, each consisting of 5 men.

VICTORY LOAN BILL PASSED BY THE SENATE

All Night Debate by Opposition Fails to Bring Amendment and Big Bill Goes Through

(By Associated Press)
Washington, March 3.—The Sixty-fifth Congress entered today upon its last full working day facing an unprecedented mass of legislation, but with the contested victory loan bill out of the way. Both senate and house are expected to work steadily until sine die adjournment at noon Tuesday.

The senate remained in session all Saturday night to pass the loan bill, the keystone measure of the calendar adjourning shortly before 7 o'clock Sunday morning, while the house yesterday held a business session, disposing of the conference report on the hospital bill. The senate also held a brief session Sunday for eulogies of deceased congressmen, but business was over until today.

Passage of the loan bill without a record vote and in the identical form in which it came from the house definitely marked the course of future legislation and gave assurance that President Wilson would not find it necessary to change his plan of deferring a call of the new Congress until after his return from France, probably in June. Most Republicans favored an earlier session, but after Republican senators at conference last night failed to reach any decision as to the advisability of obstructing the loan bill, no filibuster was undertaken.

Although many important bills, including the \$720,000,000 navy appropriation measure, with its authorization of a new three-year building program, and the \$1,215,000,000 army bill apparently are doomed to certain failure, administration leaders believe that none is of sufficient importance to require an earlier call of Congress and that the president will adhere to his original plan, announced last week after he arrived from Paris.

Final action by the house on the \$1,000,000,000 wheat price guarantee bill is expected tomorrow, with the measure then ready for the president's signature. Another important bill now regarded as certain of enactment is the general deficiency appropriation measure, carrying \$750,000,000 additional for the railroad administration.

Of other important bills remaining before them tonight planned to pass the diplomatic, hospital construction and military academy appropriation measures and that repealing the war revenue law's tax of 10 per cent on semiluxuries.

Besides the army and navy bills legislation which seemed certain to pass included the \$850,000,000 sundry civil bill, which contains \$600,000,000 for the shipping board and the oil and mineral land-leasing and water power development measures. Disposition of the agricultural appropriation bill, containing the senate committee rider proposing repeal of the daylight-saving law and many other measures still was regarded in doubt.

STOPPED COUGH AFTER INFLUENZA

"Foley's Honey and Tar is the best cough medicine I ever tried," writes E. B. McDowell, R. F. D. 1, Box 119, Arlington, Tenn. "My son had influenza. He had the worst kind of a cough. I tried everything but nothing did any good. God sent me a friend with Foley's Honey and Tar, and in two days his cough was gone." Blackmer & Tanquary, and druggists everywhere. Adv.

BILLIARD MARVEL

ALFREDO DE ORO

Alfredo De Oro, veteran billiard star at the age of fifty-six won back the three-cushion billiard championship of the world from Angle Kleckhefer in a match game at Chicago. De Oro has been a champion at either three cushions or pool for over thirty years. Kleckhefer defeated him a year ago for the billiard title, but the veteran star showed splendid form in his remarkable come-back in the Chicago match. In three nights play De Oro defeated Kleckhefer 150 to 148.

ROTH FILE SUITS FOR NEW TRIAL

Following the verdict of the jury Friday afternoon, in finding in favor of the defendants, in not allowing the plaintiffs' \$50,000 damages, as they alleged they had sustained, as the result of buying the Warner Hotel, on representations which they claimed were false, both sides, Friday afternoon and Saturday morning, filed a motion for a new trial in the case of John McGee, et al., Dayton buyers of the hotel, versus G. W. C. Perry et al., the old owners.

REAL ESTATE!

Recently we published a list of Washington C. H. residence and rental properties we had for sale. Since then we have sold a number of them, and have no hesitancy in saying that every purchaser made a good buy.

Below we are printing a partial list of bargains we now have to offer. This list includes some new ones that have not been offered before. Again we say: If you intend buying city property within the next year or two BUY NOW. Prospects were never better for the growth of Washington C. H., and there is a constantly increasing demand both by purchasers and renters. There is scarcely a vacant house in the city now and The Sunlight Creameries Company has not even commenced the erection of its big buildings. What will the demand be after this new company begins operations?

We have desirable building lots in various sections of the city. Read the following list, select a property that suits you and buy it now. If the list does not contain what you desire, see us; we have it.

1.—Five rooms, good garden, near new creamery, Lakeview Avenue, Millwood; \$1,000.

2.—Four rooms, summer kitchen, gas for light and heat, gas grate, tiled well, water in kitchen, barn, coal house, chicken yard, East Temple St.; \$1300.

3.—Eight rooms, modern, three minute walk from post office; right up. This house has been put on the market unexpectedly; \$5,500.

4.—Three nice building lots on North North Street; 2 on Broadway and 2 on East Market—\$175 to \$500 each.

No. 5.—Brick school house size 26x36 feet, and one acre land. House can be converted into nice bungalow; \$750 for quick sale. Near city.

No. 6.—Eight rooms, modern, three minute walk from post office. In order to sell quick a special low price has been given us for ten days. Don't miss this chance. \$3200. Must sell.

No. 7.—Seven room new frame bungalow, hot air furnace, gas grates, basement, fine large new garage part suitable for horse, garden, etc. East Temple St.; \$3700.

8.—Five rooms, garden, English addition; \$1100.

9.—Modern double, five rooms to side, garage, garden. Fine neighborhood, Washington Avenue. Live in one side and have regular monthly income from other side; \$4900.

10.—Six rooms, gas, garden, stable, Gregg street, just off North street; \$1300.

11.—Six rooms, bath, gas, soft water, basement, garden, East Broadway; \$2100.

12.—Five rooms, bath, furnace, electricity, hot and cold soft water, East Broadway; \$2200.

13.—Double, 5 rooms to side, electricity, rent \$30. East Market street; \$4500.

14.—Six rooms, bath, electricity, basement, West Court street, up close; \$2300; cash \$1,000.

15.—Seven room, gas, bath, good garden, extra building lot adjoining; \$2750.

16.—Four rooms, inclosed porch, stable, garden, Leesburg Avenue; \$1300.

17.—We have other properties, modern and those that are not modern, located in various parts of town.

18.—Farms. We also have some good farms for sale in Fayette and other counties.

19.—We have for sale some non-taxable, 7 percent preferred stocks that we can cheerfully recommend. On these stocks you will have no taxes to pay. See us for particulars.

BRINGING UP FATHER

(Copyright, 1917, by International News Service)

BY GEORGE MCMANUS

WHEN YOU SEE JERRY BRINGING UP FATHER

WHAT HAS THAT TO DO WITH YOUR BLACK EYE

WHEN I CAME HOME - I RANG - SHE OPENED THE FRONT DOOR - IT WAS DARK - SO SHE DIDN'T KNOW ME

SHE HIT ME WITH A ROLLIN' PIN AND SLAMMED THE DOOR

THEN WHAT HAPPENED

I RANG THE BELL AGAIN AN' I TOLD HER WHO I WAS - SHE HIT ME AGAIN AN' SHUT THE DOOR - AGAIN -
